Player and Parent Rules

It is essential that the EGSL Player and Parent Rules be followed in order to develop a cohesive team and competitive players. It is critical that parents support all players and their coaches and never let the player think that her team cannot win or that the coach can't coach. A player who has no confidence in her team or coach cannot learn to win or lose as a team and will not learn from a coach being undermined by a parent. The coach's job is to teach players how to improve their skills and compete to win in a very competitive tournament environment. This is achieved by setting individual and team goals, team building exercises, development of a positive and competitive attitude and teaching players that dedication and hard work will yield desired results.

Player Rules

- Attend all practices and games on time
- Accept whatever role the Coach gives you
- Be willing to play positions that are unfamiliar
- Demonstrate a positive attitude and support your teammates
- Accept that the team is more important than the player
- Uphold our League's reputation by demonstrating good sportsmanship before, during and after games – win or lose.
- Follow the EGSL Code of Conduct

Parent Rules

- Support your coaches regardless of personal feelings
- Consider the team's success as a success for your daughter and a rewarding experience
- Avoid the tunnel vision focus on your own daughter and look instead at the whole team
- Will not approach coaches during practices, warm-ups or games. Any concerns will be addressed off the field at a mutually agreed upon time. Parents will be suspended from participating in any events for failing to adhere to this policy.
- Parents and players are required to participate in fundraising events.
- Uphold our League's reputation by demonstrating good sportsmanship before, during and after games – win or lose
- EGSL Parent Code of Conduct

A player or parent may be removed from the All Star program for the current season and possibly future seasons for failure to abide by the rules listed above.

Playing Rules

1) If a team is affected by injuries, or a player leaves the team, the All Star Selection Committee will determine if a player is to be brought up from the Silver team in the same division. The All Star Selection committee will determine a replacement player from the same division to fill the spot on the Silver team if necessary. Once a player is added she will play the remainder of the tournament season.

2) All players must play a minimum of $\frac{1}{2}$ of each tournament except for USA Districts, States, Regional and National Tournaments. The 50% playing time can be achieved in pool play only at the coaches' discretion. (Example: If a player plays in 2 pool play games they could sit out 2 bracket games and would still have played 50% of the tournament).

3) For Designated Players (DP) or Extra Player (EP) who bat but do not play a fielding position, the $\frac{1}{2}$ inning batting will count as a full inning. For "Flex" players who field but do not bat, the $\frac{1}{2}$ inning fielding will count as a full inning. If a team bats everyone in the lineup (bat around) they will be considered to have played the entire game.
